Adolescent Inpatient

Vista del Mar Hospital provides inpatient care for adolescents ages 12 through 17 whose acute symptoms require a safe and therapeutic environment. Our team of specialists recognize and understand the unique needs of adolescent patients dealing with emotional and psychological disorders.

The goal of our adolescent program is to provide stabilization of immediate concerns within a safe and structured environment. The treatment is short-term with the primary focus being on the reduction of symptoms and overall improvement of functioning.

Psychiatric or emotional disorders which may necessitate hospitalization include:

- Recent suicide attempt
- Current suicidal ideation with lethal means and/or intent
- Recent history of significant self-mutilation or self-endangering behavior
- Severe anxiety
- Assaultive or aggressive behavior
- Severe depression and hopelessness
- Bipolar Disorder
- Psychotic thinking or behaviors impacting daily activities
- Substance abuse in conjunction with any of the above

Vista del Mar Hospital Mission, Vision & Values:

Mission

Vista del Mar Hospital is committed to providing quality behavioral health care to the patients and communities that we serve.

Vision

Compassionate, safe and beneficial care will be provided to all those we serve.

Values

Caring: The needs of the patient come first.

Compassion: Treat every person with dignity and respect.

Commitment: Be of service to each other and our communities.

Teamwork: We are accountable to each other to do our best.

Excellence: Continuously improve services and measure progress.
